

catz finefood® PURE

High-quality single-protein wet food

Food intolerance often raises the question: What can your mini tiger tolerate and what does it really enjoy eating? This is exactly where catz finefood® PURE comes in. This high-quality single-protein wet food was developed in collaboration with veterinarians and is ideal for cats with sensitive digestive systems. Each variety contains only **one source of animal protein**, providing a particularly **digestible, species-appropriate meal**.

catz finefood® PURE is a balanced complete food for cats that is based on the natural diet of carnivores, the **prey model**. This means: fresh meat or fish, **cat-friendly offal**, supplemented only with high-quality oil and minerals. That's all it takes for a diet that is **based on nature and** provides optimal nutrition for cats with sensitive digestive systems.

With its clear recipe, PURE deliberately avoids anything superfluous: **no grains, no gluten, and no added sugar**. The result is a wet food that is particularly well tolerated, even by sensitive cats with delicate stomachs.
